FROM: J. Tyler McCauley  
Auditor-Controller

David E. Janssen  
Chief Administrative Officer

SUBJECT: **LA VINA PROJECT FILE REVIEW – FIRST STATUS REPORT**

On February 19, 2002, your Board instructed the Auditor-Controller, in conjunction with the Chief Administrative Officer, to audit the La Vina project files and report back to your Board within 21 days with a list of every condition placed on the project, the implementation status of each of these conditions, and other pertinent information. In addition, the Board motion required a detailed listing and review of all correspondence to and from the County related to the conditions of the La Vina project.

The Auditor-Controller, in consultation with the Chief Administrative Office and involved County departments, completed an initial listing of conditions related to the La Vina project. The listing has been formatted into a matrix that provides detail related to specific conditions, dates, and agencies responsible for enforcement and verification of each condition. The draft matrix is currently under review by the involved departments.

Subsequent to review of the matrix, the project team will meet with staff from the Fifth District to identify which conditions require a detailed review. The listing of identified conditions will serve as the basis for a work plan to determine the current status of the selected conditions. After our meeting with staff from the Fifth District, we will provide your Board with a second report, including a matrix that identifies the conditions that require a detailed review, work plan and time line for completion.
